Plants Veto Newark Cityhood

Newark 1st, 2nd Grades Forced to Double Sessions

After the Christmas holidays, the first and second grades of the Newark Elementary School will be forced into double sessions, Superintendent Jack MacGregor announced this week.

The morning class will begin at 8:20 and last until 12:20, and the afternoon groups will attend from 12:40 until 4:40. Three new teachers must be hired, MacGregor said.

At the present time there are 43 children in each of the two first grades. Mrs. Edna Jibson, who has been ill this term, will return in January, and another teacher will be hired. The first grade will then be divided into four classes of 22 children. The three second grades will be increased to four; and there will be three third grades of 28 children, instead of 42 in each of the present two classes. Classes will be divided alphabetically.

The school, designed for 500 pupils, now has an enrollment of 705, with an average increase of five each day. Tuesday, the day before the Thanksgiving holiday, was the only day this year that no new children enrolled, MacGregor reported. There are 125 homes actually under construction in Newark, and a new tract of 470 homes is due shortly. Says MacGregor:

"This overcrowded situation will not be alleviated until the fall of 1955 when we hope the Junior High school will be open. Earliest possible completion date has been estimated as Easter 1955. Although the Junior High is designed ultimately for sixth, seventh and eighth grades, at first it will take care of the grammar school overflow."

MacGregor stated that although double sessions work a hardship on parents and children, in the smaller classes the teacher can give each child individual attention which is not possible in the over-crowded classrooms.

FIREMEN TO INSTALL

Alameda County Association of Firemen will have installation of officers Saturday evening at a dinner meeting in San Leandro.

Industrialists Deal Blow to Incorporation

Seven big industries, representing a major portion of Newark's taxable property, this week turned thumbs-down—for the present anyway—on cityhood for Newark.

The rejection was a major blow to plans of some Chamber of Commerce members to seek incorporation as a sixth-class city within the next year.

YULE GIFT TREK TO VET HOSPITAL

Most folks who can, spend Christmas Day at home.

Not members of the Vallejo Mills VFW Hospital Committee.

Joe Janeiro, chairman of the committee, advises his group will make its annual pilgrimage to Letterman Hospital, San Francisco, to carry gifts which in past years have shown wounded veterans that Washington Township hasn't forgotten their sacrifices.

"I wish everyone here could see what a Christmas gift means to these boys, some without arms and legs, and all of them far from home," says Janeiro.

Members of the Women's Auxiliary will wrap the packages. Janeiro this week started his solicitation of gifts from local stores, factories, and civic organizations. He may be contacted at Niles 3831 or 4528.

WUHS ANNEX BIDS SET FOR JAN. 7

Bids for the construction of a \$250,000 annex to Washington Union High School will be opened January 7.

Trustees of the school agreed to this date Tuesday night. The annex will double the size of the present school.

Dr. Alfred Christiansen, representing the architectural firm of Falk & Booth, told the schoolmen that if all goes well, classrooms and other buildings should be ready by next November 15.

MONEY TO EXTEND FREEWAY MAY BE IN 1954 STATE BUDGET, BOGGS SAYS

Funds to extend the Eastshore Freeway south of Mt. Eden may be contained in next year's state highway budget, County Engineer Wallace Boggs predicted before the Niles Chamber of Commerce here Tuesday.

Boggs said he had expected some money for Freeway work to be included in this year's \$12,613,000 allocation for Alameda County, announced last week.

But he said it probably was left out because plans for the final link aren't completed, due to lack of engineering help. He said State surveys are now in progress however, south of Mt. Eden, and confirmed information received here last week that rights-of-way purchases are starting there, out of a \$2,700,000 State budget item.

"The State at last has become aroused to the need to finish the Freeway," the engineer declared. Boggs also said the county is holding a \$2,000,000 reserve fund to build "feeder" roads as the Freeway is completed. These local "feeders" include Alquire, Whipple, Alvarado-Niles, Marsh, Jarvis, Central, Mowry, Santos, Blacow, Driscoll, Durham and Irvington-Mission roads.

He said the following county street work is budgeted for Niles next spring: (1) resurfacing Hillview Drive, part of Second Street, I and J Streets between First and Second, and (2) drainage on First Street. Drainage and maintenance there is complicated by trees, he added.

The factories had been asked for their sentiments on cityhood for the area, now solely under county government. Seven of them replied, in a letter read before the Newark Chamber of Commerce on Tuesday night, that they believed the present set-up is favorable for industry. They said they don't want any change until they can be shown the change will be more advantageous.

The letter was signed by representatives of Westvaco Chemical Corp., Orangeburg Manufacturing Co., Wedgewood Division of Rheem Manufacturing Co., American Forest Products Corp., Sunset Foundry, and Morton and Leslie Salt companies.

A chamber committee headed by Gordon Cotton had met with industrial representatives in October to present them with reported advantages of incorporation. No opinion was sought at that time, however.

Consent of the factories was deemed necessary because their tax values amount to more than half the assessed valuation of the proposed City of Newark, and would pay the bulk of the expenses of cityhood.

The chamber had held off making any recommendation on cityhood until it found out how the factories stood. What its next step will be was not immediately indicated.

Said the letter: "To the Officers and Members of the Chamber of Commerce of Newark, California:

"The undersigned industrial organizations of the Newark area have had their attention called to a proposal to incorporate the territory."

Move to Open Township C.C. Ranks Gains Support

Reorganization of the Washington Township Chamber of Commerce, with broadened membership, was voted here last week by a dozen delegates from six of the eight "town chambers" which compose the central group.

Accepting virtually all of a report presented by a reorganization committee headed by Gus Robertson, the delegates agreed to take the recommendations back to their town chambers of commerce for a vote.

Results of this poll will be made known at the December 28 meeting.

INSTALLED—Officers of the brand-new Newark Kiwanis Club were seated last Saturday at their charter night dinner. Left to right are John S. Oliveira, treasurer; Gordon B. Cotton, president; Charles B. Snow, vice-president; and G. Merle Wittercraft, secretary. (Ken Foster Photo)

George Spoor, 'S' of Essanay, Dies In Chicago; Career Touched Niles

By STUART NIXON

A link with Niles' exciting past was snapped last week when George K. Spoor, 82, former partner in the famed Essanay Studios here, died in Chicago.

Spoor and Gilbert M. (Broncho Billy) Anderson founded the Essanay Studios in Chicago in 1907. They came to Niles five years

READY CHOIRS FOR NILES YULE FETE

First choir rehearsal for the Niles Outdoor Christmas Program will be held Sunday afternoon in the Congregational Church.

Lester Whitaker Jr., chairman of the merchant-sponsored annual event, invited all local churches or individual singers to take part.

Whitaker also announced the date of the show on First Street has been changed from December 23, a Wednesday, to December 22, a Tuesday. This he said is to allow the program to be shifted to the Niles School auditorium if it rains.

Decorations will again be in the hands of Al Lopez, while Ted Tully will be program coordinator. John Brahms will handle lighting.

In addition to choral numbers, talented local youngsters are invited to try out for numbers to be performed—as last year—on the platform of the Southern Pacific Freight Depot.

NEWARK MEETINGS

Permanent meeting night for the Newark Chamber of Commerce was still under discussion this week. Members decided Tuesday to hold the next one the first Tuesday in January.

later to build a \$500,000 studio, finest in the nation at that time.

They bodied such stars as Charlie Chaplin, Ben Turpin, Wallace Beery and others at Niles. Later the film company moved to Los Angeles where it eventually disbanded.

Spoor went on to develop the first 3-D films, as early as 1931. He spent \$4,000,000 on the process, claimed he was frozen out by a combine of established producers and theater-chain magnates.

At the time of the Essanay Festival here last June, Spoor declined an invitation to appear because of ill health. But in a 20-page letter to The Township Register, he described his early life, and how he came to be a producer.

He said he had his pocket picked of \$90 while standing at a crude peep show movie at the Chicago Exposition in 1893. From this he said he concluded the public would pay to sit down safely at a movie, just as they did in a theater, provided some means could be found to project the flickering films onto a screen.

Working with the inventor, Howell, Spoor then developed a projector, the first of its type, which would do the job. With the control this device gave him, he soon owned a chain of 125 movie theaters in the East.

In order to get films to show (Continued on page 8)

'Buy-at-Home' is Key

Heavy Store Stocks Spur Early Township Christmas Gift Buying

Township lights burned a little brighter this week, and young hearts quickened as the Christmas season approached.

Shopping-wise, 1953 promises to be the biggest holiday season in local history, according to most merchants. Anticipating a rush of buyers, the storekeepers therefore laid in a host of gifts. At mid-week, they reported pre-Christmas purchases were swelling to record proportions.

In Niles, Centerville, Newark, Irvington and other towns, chambers of commerce were stringing the traditional lights and tinsel across main thoroughfares.

And in Niles the Merchants' Association was making preparations for a repeat of its successful Yuletide carol festival, this year to be staged on December 22.

At Washington Hi the traditional Christmas Pageant will be held on December 18, just before the school closes for the holidays.

In the stores, businessmen said they sense a new feeling, with many shoppers frankly confessing they are doing the great bulk of their Yuletide buying locally this year. Reported one storekeeper: "One woman said she was tired of fighting traffic and parking problems and crowded stores and short-tempered salespeople in the cities."

Most shops will stay open evenings from now until Christmas.

Adding impetus to the pre-holiday buying was \$143,402 in Christmas Club funds distributed locally by the Township's five banks.

This compares with \$121,904 last year, and \$83,364 the year before. Upwards of 900 persons took part in the annual pre-Christmas distributions.

PAIR DIE UNDER TRUCK WHEELS NEAR IRVINGTON

Two members of prominent East Bay families were killed Sunday night when their imported sedan swerved in front of a heavy truck two miles south of Irvington.

Dead are Miss Joan Eschen, 21, San Jose State co-ed from Alameda; and Robert G. McCready, 31, Oakland salesman and driver of the British Jaguar sedan.

The accident occurred on a curve near Castro's Dairy. Truck Driver Charles T. Ralph of Arroyo Grande said McCready's car swerved off the highway in the fog, then skidded broadside under the wheels of Ralph's northbound truck.

The sedan was completely demolished. Workmen toiled for more than an hour to extricate McCready's body from the wreckage. Then the expensive auto was loaded onto a trailer and carted from the scene of the tragedy.

McCready, a much-decorated aviator in World War II, was reportedly returning Miss Eschen to the San Jose campus when the accident occurred. She was the daughter of a shipbuilder in Alameda.

Ralph was not cited

RED CROSS HONORS—Lt. Col. James T. Haden, executive officer of Parks Air Force Base, welcomes three Red Cross Gray Ladies from Washington Township to hospital service. Mrs. Frank Serpa, Mrs. Sherwood Astin and Mrs. Robert Millard. Mrs. Carmen Sanchez and Mrs. John Talley, who were capped one year ago, received the certificates for Mrs. Astin and Mrs. Willard, who were unable to attend. Left to right are Mrs. Sanchez, Decoto; Mrs. Serpa, Niles; and Mrs. Talley, Niles. Mrs. Talley has been with Red Cross for many years, serving as volunteer motor driver, active in recent blood program and welfare aide work. (Air Force Photo)

NILES ZONING IS CONFAB TOPIC

Niles zoning was discussed—inconclusively—at a meeting called here Tuesday night by the County Planning Commission and local Chamber of Commerce.

No further meetings were scheduled. Some 38 persons attended. Principal topic of the evening was criticism by Keith Comfort, who contended the commission "is trying to force zoning down our throats."

J. P. AMARAL DIES

Services were held in Centerville Monday for Joseph P. Amaral, 87, who died November 26 of a heart condition at his residence, 182 South Main Street.

He is survived by a step-daughter, Louise Amelia Goularte, and by a sister, Mrs. Rose Xavier of Irvington. He was a native of Fayal, Azores Islands, and was a member of U.P.E.C., Council No. 5, of Centerville.

Services were under direction of Chapel of the Palms, with funeral mass at Holy Ghost Church

Basketball Season Opens Tomorrow As Huskies Face Amador Quint Here

By BOB HIRD

With only five days of practice under their belts, the Orange and Black of Washington Hi gets the ball rolling on their 1953-54 basketball slate tomorrow evening, when they face the Amador Dons on the Huskie court. The preliminary game starts at 7:30.

Husky Mentor Clyde Voorhees, who turned out a second place team in last year's SCVAL race, could have another first division ball club again this year. However Voorhees has one problem facing him due to the fact that there are 22 seniors out for the club.

Only three, Raul Orozco, Allan Olk and Don Santos, made their letters on last year's varsity five. The bulk of the remaining 19 seniors are lettermen up from last year's B team. Voorhees now has the task of picking about seven more of these 19 fourth-year men.

Some of the candidates up from last year's Bs include: Junior Mathusay, Frank Velarde, Bob Hird, Gordon Agrella and Scotty Haynes.

Three subs from last year's varsity who may help Voorhees this year are Bud Dickerson, Jim Meyer and DeWayne Hill.

Santos, Orozco and Olk were all on last year's starting quint.

Voorhees has no prediction on who he thinks will win the flag, but says both Campbell and Mountain View have good clubs.

Payrolls account for 65 per cent of hospital expenses in California.

LIGHTWEIGHT CAGE RACE OFF FRIDAY CAGE LEAGUE IS POSSIBILITY HERE

Coach Don Wolfe puts his Junior Huskies to their first test tomorrow night as they face the Amador Don Bs on the local court. Tip-off is set for 7:30.

Wolfe could have a pennant-winning club this year as both Ray Orozco and Art Anchundo, who played first string last year, were able to make the B weight again this year. Orozco was named to the first-string all-SCVAL team while Anchundo received honorable mention.

Others who will be seeking first string berths are Dave Hempleman, Don Martin, Ed Meneze and John Adams.

Lights Paid Off

The final \$2850 in stadium light scrip was authorized paid off this week by trustees of Washington Union Hi.

Some \$10,500 worth of scrip was sold five years ago when the lights were installed. It has been retired through receipts from games on the field.

Washington Union High School is currently laying plans for an Adult Basketball League to begin in January.

Efforts are being made to contact local industries, business houses and clubs interested in sponsoring teams.

Tentatively, says Principal Judson Taylor, an eight-team league is planned to begin on Monday night, January 11. Games will be scheduled on Monday and Wednesday nights; each team will play once a week. December dates can be made available for practice games.

Prospective team sponsors are asked to contact Taylor or Don Wolfe at the high school, Centerville 8-8302, for further details.

MOSQUITO CONFAB

The Alameda mosquito abatement conference is being held this week—Wednesday, Thursday and Friday—at the University of California and at the Claremont Hotel in Berkeley.

BEARCATS STOMP JACKETS, 14-1, TO COP LOOP LEAD

By TONY ROGERS

Centerville Bearcats took advantage of a flock of errors committed by their Yellowjacket rivals Sunday to wax the visitors by a 14-1 score.

The win gave Joe Dutra's nine the lead in the first half of the East Oakland Winter League. The locals have won five straight.

Bob Lunsford scattered nine safeties, and yielded the 'Jackets their single run in the first frame off three hits.

Ed Romero had a field day at the visitors' expense. He reached first safely on two hits, a walk and two errors, stole six bases, scored five times and drove in a run.

The 'Jackets fell apart when their catcher, Hild, was ejected in the second after an argument with the umpire. Hild's substitute let ball after ball get away to give the Bearcats a dozen scoring chances.

Next Sunday's game is at Greenman Field against Guy's Drugs, starting at 1:30 p.m.

Bearcat box score:	AB	R	H
Faria, rf	5	1	2
Lemos, cf	4	1	2
Jacinto, ss	3	1	1
F. Romero, lf	4	1	1
Roderick, lb	4	1	1
Dutra, 3b	5	1	1
E. Romero, 2b	4	5	2
Chacon, c	4	2	0
Lunsford, p	5	1	0

Score by innings:	R	H	E
Jackets	100	000	000—1
Bearcats	121	002	62x-14

Crusade at 81 Pct.

East Bay Crusade headquarters last week announced its campaign has climbed to \$2,632,908, an increase of \$265,884 since the campaign's last report on November 12.

The new figure, tallied during the last 12 days, places the 1953 Crusade appeal at 81.2 per cent of its \$3,242,498 goal, and leaves slightly less than 20 per cent to go.

A new development in the field of obsidian is its utilization as mirrors for specialized types of optical instruments.

Real Estate HOMES AND FARMS

3.8 Acres of fine vegetable land, good irrigation well and pressure system for home. 4-room home, barn and other buildings. \$16,800.

7.8 Acres, 5 acres in full bearing apricots, 2.8 acres of royal and bing cherries. \$21,000, \$10,000 down.

2 Bedroom Home, close to Centerville, hardwood floors, fireplace, lot 60x150. \$5900 FHA loan at 4%. Price \$9250.

SPORTSMEN HAVE THEIR DAY SOON

California's one and three-quarter million licensed sportsmen will have an unequalled chance this year to make known their recommendations for 1954 angling and hunting seasons and bag limits.

On November 30, the first of a series of five meetings between interested sportsmen and personnel of the Department of Fish and Game will be held in Redding. Here, conservationists, landowners, hunters and fishermen of the region may present their ideas on future regulations.

Similar meetings are set for Sacramento, December 1; Fresno, December 2; Los Angeles, December 7; and San Francisco, December 8. All public meetings will start at 8 p.m.

Following each meeting, regional supervisors of the Department will get together to arrive at their annual recommendations. In mid-

December, managers of each of the department's five regions will coordinate the joint sportsman-personnel findings into a unified departmental recommendation.

Individuals and organizations will again have a say in the 1954 regulations when the Fish and Game Commission meets January 8 in San Francisco in a regulatory powers session. The five-man body will hear recommendations from the department, other agencies, sportsmen's organizations and individuals.

Two weeks ahead of their February 26 regulatory powers meeting in Los Angeles, commissioners will announce their tentative determinations for 1954 limits and seasons. Any objections to the proposed rulings will be heard at the February meeting, and the new regulations must be set within 10 days.

NEWARK BAKERS CAME FROM HOLLAND

By KITTY SAMMON

The new proprietors of Katharine's Bakery have traveled all over the world, but now have settled in Newark.

Mr. and Mrs. Andy Venema, natives of Amsterdam, Holland, first came to the United States in 1923 when they were first married, and their four children were born in this country. They lived in North Bergen, New York, and for awhile in Kalamazoo, Michigan. In 1935 the family returned to Holland and were there all through World War II.

In 1947 they returned to New York, coming to California two years later. One of their daughters still lives in New York, two other daughters and their son live in Hayward. Venema has been a baker for thirty years, but Mrs. Venema's baking was confined to the home until she came to California.

She says in Holland married women never work outside the home. Living there is reasonable, but not too convenient; a lovely two bedroom home rents for only \$7 a week, but there are no washing machines. For recreation the whole family goes on a bicycle trip, and in winter folks have skating parties.

And housewives really do scrub the sidewalks in front of the house, says Mrs. Venema.

NILES BURGLARY

Intruders who broke a rear window in Solon Bros. tavern on First Street in Niles early Wednesday removed several bottles of liquor and a few cases of beer. Some of the items were abandoned on the tracks in the rear of the building.

HINTS FOR HOMEMAKERS

'FRUIT VELVET' FINE FOR TEEN-AGE PARTY

by the General Electric Consumers Institute

The next time you hear your teenager making plans for an evening of bowling, dancing, or the movies, suggest that he bring his "gang" back home to wind up the evening with a snack.

The General Electric Consumers Institute suggests that you let them fix up a Fruit Velvet for themselves. The necessary ingredients for this tasty and colorful drink are almost always on hand in the refrigerator and freezer. And it's equally as good to serve adults after an evening of television or canasta.

Fruit Velvet

Tested by the G-E Consumers Institute

1 6-ounce can frozen fruit juice concentrate
1/2 pint vanilla ice cream
Empty one can of frozen orange, grape, or pineapple juice concentrate and 1/2 pint vanilla ice cream into small mixer bowl and beat at a medium speed until well blended. Using the frozen juice can as a measure, add two cans of cold water and two cans of ginger ale and beat at slow-to-medium speed until well blended and frothy. Serve immediately. Makes 4-6 servings.

'BIRTHDAY OF KING' WUHS YULE PLAY

Washington Hi's annual Christmas Pageant, to be staged just before the holidays, will be titled "Birthday of a King," according to Ronald Lambert, instructor-in-charge.

Cast includes: Reader, Don Phillips; Joseph, Bill Francis; Mary, Connie Emmett; First Woman, LaVerne Bettencourt; Second Woman, Valeria Correa; Third Woman, Rowena Harrison; Fourth Woman, Retha Rae; Angel, Elaine Thornburg; King Herod, Ronald Schlosser; Shepherd Boy, Nicky Lewis; First Shepherd, Dan Owen; Second Shepherd, Frank Estrella.

Third Shepherd, Wylie Blacow; Fourth Shepherd, Steve Mento; Leader, Bob Rehrg; Older Man, George George; Innkeeper, Alen Selover; Another Traveler, Becky Overacker; Attendant, Laurel Mayer; First Wiseman, Dan Davis;

Second Wiseman, Philip Lammi; Third Wiseman, Remo Cerruti; Small Girl, Jackie Downing; A Woman, Virginia Lammi; Angel, Marion Hemple.

KILL UNWANTED TREES WITH 2, 4-D

Kill trees without axes or saws, says Oliver A. Leonard, assistant botanist in the University of California Agricultural Experiment Station. Use chemicals.

"2,4-D, applied in cuts near the base of the tree," says Leonard, "will easily kill unwanted trees on rangelands."

From November on through the winter and spring, says Leonard, is the best time to kill trees with 2,4-D. Leaves on evergreen trees do not dry up until growth starts in the spring, and then the trees gradually die. After two or three years, the trees begin to fall over, and eventually can be burned.

Cuts in the tree can be made with an ax or hatchet, the botanist says. The chemical, applied with an ordinary oil can, should be applied at the rate of one-fourth ounce of 2,4-D amine for every six inches of the tree's diameter—a 24-inch tree would take an ounce of undiluted chemical.

"This method has successfully killed deciduous oaks, live oaks, digger pines, and other trees common to rangelands," says Leonard, "and is easier and more thorough than cutting trees down."

UNITES FOR MRS. MARGARET CORREA

Mrs. Margaret Correa, 47, wife of Joseph Correa of Centerville, passed away November 25 at her home on Thornton Avenue after a lingering illness.

In addition to her husband, Mrs. Correa is survived by her mother, Mrs. Perry of Mt. Eden; two sons, Jack Cassenilli of Mt. Eden and Edward Cassenilli of Australia; a sister, Mrs. Grace Levi of Modesto; and a brother, Albert Perry of Okinawa. She was a native of California.

Services were held Saturday at Chapel of the Palms with interment in I.O.O.F. Cemetery, Irvington.

TIPS ON FENCE SAVING GIVEN

Preservatives for wooden fence posts may give uncertain protection if the method of application is not adapted to the particular wood used.

University of California experts says woods vary greatly in speed of absorbing preservatives, and insufficient penetration of even an excellent preservative, like pentachlorophenol, results in poorer protection against decay and insects. But tests on the Davis campus of the University indicate that poor penetration is better than no treatment at all. Since definite recommendations on desired penetration cannot be made yet, the safest procedure is to get the best penetration you can, advise Loren W. Neubauer, agricultural engineer on the Davis campus, and Rudolf F. Grah, extension forester on the Berkeley campus.

"Many woods do not absorb enough pentachlorophenol if soaked less than a week," says Neubauer. "Others absorb enough in a few hours. Unfortunately, slower absorption rates are found available to California farmers—in most woods that are readily redwood, pine, Douglas fir, cedar, and others. The cold-soaking method is best adapted to standard farm facilities, though it takes longer than some other methods."

"Tests are in their fourth year on the Davis campus to determine how different woods resist weathering after various treatments. We have just made a regular annual check of their condition."

"Among other tests, we apply 100 pounds of pressure across each post, four feet above the ground. Several snapped off this season, but not one was a post treated with pentachlorophenol. After checking a few more years of weathering we should know the minimum absorption recommended for satisfactory protection."

PAT FLORES

ALVARADO GIRL TOPS IN TALENT

After two weeks of competition in school assemblies, Pat Flores has emerged as the winner of the Washington Union High School search for talent.

The freshman student from Alvarado won the acclaim of the judges with her pantomime of a Jerry Lewis recording.

Second-place honors went to an instrumental combo, "Three Sharps and a Flat," composed of Carol Motozaki, George Mognaga, Stanley Rebello and Don Walton.

The freshman class continued its domination in the talent search when Cynthia Robertson and Jerry Jackson pantomimed their way into the third-place spot.

Judges for the contest were Arthur Belshaw, Rev. C. W. Kirkpatrick, Russ Osborn and Roy Carrier. Dan Owen served as student master of ceremonies during the assemblies.

NEW DEVICE USED BY NEWARK FIRM

Bulldog Pallet Company has been licensed to use a revolutionary new type of fastener, Tube-lok, which replaces bolts in the manufacture of pallets, according to an announcement by Richard M. Duff, president of the Newark firm.

The new fastener is a metallic tube which, after being inserted in the boards being joined, is flared, crimped and automatically countersunk at both ends. Savings in materials and labor will enable the company to offer Tube-lok'd pallets at prices ranging to 25 per cent below those of bolted pallets, Duff says.

C. W. Lyman of Petaluma, inventor and patent-holder, has granted Bulldog Pallet Co. a national franchise for use of the new fastening device in the pallet-manufacturing field.

NEWARK REZONED, DISPUTES END

Newark finally got the rezoning it has sought for almost a year last week when Alameda County Supervisors voted to accept a "compromise" plan which partially satisfies the Chamber of Commerce representatives, realtors and industrialists.

The new ordinance replaces one adopted in 1947, and embodies the so-called "Maple Street compromise," whereby a "buffer" light-industrial zone one block deep is established between heavy industry and homes north of Wells Avenue.

(Detailed zoning maps elsewhere in this paper.)

The supervisor passed the rezoning measure without comment. It had been tossed back and forth several times between them and the Planning Commission since it was introduced last spring.

Gordon Cotton, chamber zoning committeeman who has followed the project through its long vicissitudes, was on hand to thank the officials for their action.

ALTA ETCHISON at 3090 Thornton Avenue, Newark, makes attractive custom-made lamp shades in a variety of colors.

The banana squash on sale at the BIG TREE FRUIT STAND on Highway Nine, south of Mission San Jose, is unusually good this year.

Stringing pop corn for an old fashioned tree? See the Col-R-Corn sold by IRVINGTON FOOD MARKET.

EDENVALE NURSERY near Niles has Colorado Spruce trees that can be planted outside for a perpetual Christmas Tree.

The electric shaver trade-ins offered by the HOYLE EASLEY JEWELRY STORE in Niles mean a lot to those of you in the market for a new one.

At last, a wall decoration suitable for bathrooms. They are in the shape of ceramic gold fish, some with gold colored air bubbles and are on sale at INTERNATIONAL KITCHEN Pottery Shop.

One of the most popular meals served at the CALIFORNIA INN on North Main Street in Centerville, is the delicious Swiss Steak dinner.

You'll be glad to know that SID'S PHARMACY in Centerville has a complete Yardley gift package display.

INFANT DIES

Julian Tafoya, three-day-old son of Mr. and Mrs. Frank Tafoya of Niles, died November 29 in Decoto. In addition to his parents, he is survived by a brother and a sister. Interment was in St. Joseph's Cemetery, Hayward, under direction of Berge Mortuary Company, Niles.

JACL Plans Big Christmas Party

The Southern Alameda County Japanese-American Citizens League is sponsoring a Christmas party on Friday evening, December 18, from 7:30 p.m. at the Warm Springs Elementary School auditorium.

This is an annual event for all Japanese-American children of this community, 12 years of age and under.

Plans revealed promise much merrymaking for the evening. "Santa will appear, of course, with gifts galore and will be honorary guest," said the tri-chairwomen, Mmes. Sue, Kimi and Sachi Fudenna, all of Warm Springs.

Assisting committee members are: Dorothy Kato, June Handa, Aki Kato, Sam Yamanaka, Sat Sekigahama, Tom Miyooka and Setsu Umemoto.

State Official to Visit De Guadalupe Institute

Grand First Vice-President Helen Krom of Fullerton will visit the members of De Guadalupe Institute No. 74, Y.L.I., on Thursday evening, December 3.

The meeting will be held in Boliba Hall, Niles, at 8 p.m. Desk officers will meet with Mrs. Krom at 7:30 p.m., before the meeting.

Mrs. Louis Cardoza and Mrs. Leland Silva have been named co-chairmen of this affair and have chosen the following to assist them: flower arrangements, Mrs. Jesse Perry; refreshments, Mrs. Gino Quartaroli, Mrs. Samuel Burns, Mrs. Manuel Ferreira, Mrs. Frank Souza, Mrs. Caesar DiGiulio, Mrs. Manuel H. Silva, Mrs. Jack Rowlett, Mrs. John Nash, Mrs. James Meyer, Mrs. John Santos, Mrs. Joseph Santos and Mrs. Bea Chilcote; favors, Mrs. Harold Enos, Mrs. Stewart Wilkinson, Miss Charlotte Janeiro; program, Mrs. Manuel H. Silva, Miss Patricia Santos and the YLI choral group.

The YLI Contract Bridge group will meet Friday, December 11, at the home of Mrs. James Mayer, Centerville.

The next meeting of De Guadalupe Past Presidents Club will be held on Wednesday evening, December 9, at the home of Mrs. R. Murphy.

Brahmsts Return from Three-Week Trip East

Mr. and Mrs. John Brahmst of Niles returned Saturday from a three weeks' trip to Miami, Florida, where Mr. Brahmst attended the national convention of the Electrical Contractors Association, of which he is Northern California governor.

Flying to Detroit to pick up a new car, the Niles couple paused en route at Tabor, Iowa, to visit Mrs. Brahmst's parents, Mr. and Mrs. Joseph Lybarger.

After leaving Detroit, they drove to Miami and spent a week enjoying Florida sunshine, then drove through Texas to Phoenix, Arizona, where their son, Bob, met them for a Thanksgiving celebration.

Dr. and Mrs. Grau Spend Three Weeks in Mexico

Returning home Monday from a three weeks' auto tour of Mexico were Dr. and Mrs. E. C. Grau of Niles.

The Graus drove into Manana Land via El Paso, finding the highway good, for the most part, all the way to Mexico City. The weather there was chilly, Dr. Grau reports, but the scenery beautiful.

Returning home on the same highway, the Graus were only a day ahead of the famous road race in which nine drivers and spectators were killed.

Thanksgiving Reunion

Miss Julia Crocker, at 87 the oldest living ex-teacher of Washington Union High School, traveled to San Jose for Thanksgiving with members of her family.

Miss Crocker lives in Centerville with her niece, Miss Margaret Fair, with whom she made the journey. She recalled this was the 44th Thanksgiving reunion she has spent in San Jose.

Elaine is Pledge

Elaine Perry, who is now attending Armstrong College, is today a pledge of Beta Sigma chapter of the national sorority Sigma Iota Chi.

A graduate of Washington Union High School, Miss Perry is taking the semi-professional secretarial course. She is the daughter of Mr. and Mrs. John V. Perry.

Bodilys Hold Barbecue

Mr. and Mrs. Dan Bodily of 127 Anita Court, Niles, held a recent venison barbecue for 50 of their employees at their home.

Piece-de-resistance was a pair of hefty bucks Dan shot on a trip to Colorado last month.

Bendels Thanksgiving

Mr. and Mrs. Roland Bendel of Niles entertained eighteen at a family gathering Thanksgiving Day. Guests included their son and family from Monterey and their daughter and family from San Francisco.

A signal station on Telegraph Hill informed earlyday San Francisco residents of the arrival of ships.

Mrs. Bills Honored At Baby Shower

Mrs. Reuben Ferry was hostess at her home November 20 at a baby shower for her daughter, Mrs. Irene Bills.

After games and opening of the gifts, the following guests enjoyed buffet refreshments: Adeline Martin, Anna Martin, Alice Gomes, Mamie Luiz, Mae King, Eleanor Moura, Veronica Silva, Mary Ferry, Eleanor Azevedo, Mamie Roderick, Irma Brown, Pauline Faria, Laura Gibson, Mae Mann, Rose Delgado, Pearl Martin, Lorraine James, Dorothy Luiz, Iva Barks, Terry Luiz, Ivy Brandt, Mable Gomes, Dorothy Ferreira, Emily Silva and Mary Henry.

Jack Pennington Weds in Germany

Mrs. Esther Pennington of Irvington gained a new daughter-in-law when her son, Pvt. Jack Pennington, and Emily Czarnecki were married November 7 in Karesruhe, Germany. The vows were recited in a Protestant church with a German chaplain performing the ceremony.

There were about 75 guests present, including relatives of the bride and army personnel, friends of the groom.

After the wedding the couple gave a reception to the guests.

Jack was a member of the 1950 class at Washington Union High School, and was employed by the Pacific Gas and Electric Company until 1952 when he entered the Army. The past 16 months he has been stationed in Germany.

The couple expect to return to the U. S. after February 1 and make their home in Irvington.

Appeal for Needy

Catholics throughout the nation are again asking for clothes for the needy in Europe, the Near and Far East.

Housewives of all creeds are reminded to check their closets and collect warm, usable clothing, bedding, and shoes to be shipped to cold, homeless people. About 20,000 parishes in the nation are participating in the campaign, say local pastors.

Contributions of clothing, etc., can be taken to any Catholic Church or rectory for processing and packing.

St. Anne's Benefit

A pre-Christmas whist party featuring 20 turkeys will be given in Alvarado Sunday, December 13, for the benefit of St. Anne's Church.

Play starts at 2 o'clock. After the playing of whist, there will be a dance with the famed Pinto Brothers Orchestra, and during the dance there will be a special entertainment as only Alvarado can put it on.

All proceeds are for the benefit of the church repair fund.

Lions Whist Dec. 6

The twenty-second annual Centerville Lions Whist Party (representing Washington Township) will be held Sunday, December 6, at 2 p.m. in the Washington Union High School gymnasium.

Plenty of parking is available in the rear. Over 200 prizes, including turkeys, hams, and many other valuable prizes. Proceeds will benefit the Eye Correction program.

Youth Counsellors Meet

At a meeting of the adult counsellors of the Mission San Jose Youth Center on November 19, it was decided to have members sign for equipment in an effort to curtail breaking and destroying of games and supplies. The counsellors also announce that children unable to pay membership or dues will be cared for.

Youth Center business meetings are held the first Tuesday of each month.

Niles Thanksgiving

Mr. and Mrs. Al Johnson were Thanksgiving dinner guests of Mr. and Mrs. Peter Fraccolli.

SOCIAL SECURITY TAX RISES JANUARY 1

The social security tax rate for persons whose work counts toward Old-Age and Survivors Insurance is scheduled to increase on the first of January, Edwin R. Williams, field representative of the Oakland Social Security office, reminded employers, employees and self-employed people today.

This scheduled increase in tax contribution is in accordance with the 1950 amendments to the social security law, and was enacted by Congress in anticipation of future obligations of the program.

Employees in jobs covered by the law will have two per cent instead of the present 1½ per cent deducted from their pay beginning with the first of January up to earnings of \$3600 a year; their employers will contribute an equal amount.

The new rates will apply to all taxable wages paid after December

31, 1955, regardless of when earned.

The social security tax for the self-employed is scheduled to increase from the present 2¼ per cent to three per cent, for the period commencing January 1, 1954. Since the self-employed whose work is covered by the law pay their tax just once yearly at the time of filing their federal income tax return, they will pay the present 2¼ per cent social security tax on their 1953 income that counts toward social security.

This will be due not later than March 15, 1954. Their first pay-

ments at the increased rate of three per cent will be due March 15, 1955, for the calendar year 1954.

In the meantime the Internal Revenue Service reports that employers will be furnished late this year with income tax withholding tables and Federal Insurance Contributions Act (social security taxes) tables reflecting rates applicable next year.

The next scheduled increase, six years from now, in 1960, will be to 2½ per cent each for employer and employee, and to 3¼ per cent for the self-employed.

DECOTO NEWS BRIEFS

By BETTY ALVARES

MRS. MAE WATKINS had a busy day at her library last Tuesday. The third grade class from Hillview came over to make a study of the library.

EVERYBODY in town was on hand for the Firemen's Ball last Saturday. Mr. and Mrs. Bernie Joseph were there, Shorty Garcia, Mr. and Mrs. Manuel Hidalgo and daughter Patsy. Even our postoffice girls; and greeting you at the door was Kenneth Garcia and his inevitable cigar. Also on hand were Mr. and Mrs. Edward Delgado. (The beautiful baby orchids the ladies were wearing were given out Saturday by Bernie Joseph of Olsen's Market.

I STOPPED in at the Cardunes barbecue shop to see how they were progressing with the business. They are building a barbecue pit in the back. When the shop opens on December 9, you'll be escorted right to the pit where the meat will be cooking; there you'll choose what you want and how much. Mr. Cardunes has also decided to add a delicatessen and groceries.

MR. and MRS. HIDALGO are now living in that beautiful home. For Thanksgiving they motored to Oakland to their in-laws.

I WAS SORRY to have to report to Father Duggan that I did not receive one call for used toys for Christmas.

MR. and MRS. FRANK BRAGA held a dinner at their home, with open house. Turkey with all the trimmings was served and the guests played bingo.

THE BOY SCOUTS have a new scoutmaster, Mr. Shepard of Decoto.

MR. and MRS. JOHN FLETCHER really enjoyed a houseful this year. Besides the children, Chuckie, Jo-ann, Bobby, Anita and Lorraine, also present were Gilbert and Mary Torres, Eddie Gonzales and Eddie and Helen Caravahlo. Pvt. John Fletcher, now stationed at Fort Lewis, Washington, was unable to be home for the holiday.

MR. and MRS. LESTER WATKINS motored to Turlock last week-end. Lester went pheasant hunting and Mrs. Watkins went to a whist party. From all reports, they had a wonderful time.

OUR BOY, FRED, who works for Olsen's Market, also went pheasant hunting down in the Valley. His catch: one lone rabbit, plus a dejected ticket.

A THANKSGIVING dinner was held at the home of Mr. and Mrs. Joseph Alvares. Present were Pvt. Herbert Taylor, Cpl. Joseph Ballesteros, Loretta and George Lessa and Joe Alvares Jr.

MR. and MRS. KENNETH GARCIA held a dinner at their home. Besides the two Garcia children, Jenkinita and Brenda, there was also Mrs. Mary Ramos and Ginger Mottershaw.

MRS. CARVALHO made a trip to San Francisco to spend Thanksgiving Day with her son and daughter-in-law, Mr. and Mrs. Henry Caravahlo.

OUR BEST WISHES this week go to Dorothy Agundez of Fourth Street, who is very ill at Fairmont Hospital. Mr. and Mrs. J. Fletcher and family paid her a visit for the holiday.

MR. and MRS. JOE NUNES were hosts at their home Thursday to Mr. and Mrs. George Duries of Hayward, Mrs. Angie Montez and daughter Carol Ann, and Diane Longust.

JOHN and ALICE ENOS entertained Mr. and Mrs. George Silva of Hayward, Mrs. Mary Sequiera, and Betty and Barbara Enos.

MR. and MRS. LESTER WATKINS motored to Oakland to have their holiday dinner.

BORN November 20 at the Decoto Medical Building with Dr. Morgan Lee attending was Frederick Lee Rodriguez, 6-pounds 7-ounce, the second child of Mr. and Mrs. Lno Rodriguez of Niles.

On November 27, David Earl Averill arrived, weighing 7 pounds, 14 ounces. Proud parents: Mr. and Mrs. Francis Averill of Newark.

On November 29, little Margot Hilda Kover arrived, weighing 7 pounds. She is the first child of Mr. and Mrs. Nick Kover of 731 Thornton Avenue, Newark.

\$6000 Decoto Fire

Damage estimated at over \$6,000 resulted from a fire of unknown origin which destroyed a shed and contents at the Decoto Sanitary District disposal plant November 24.

The small frame building contained a tractor, and approximately 100 gallons of gasoline and a 50-gallon drum of oil. Decoto volunteer firemen directed by Chief Roland Bendel battled the flames for more than an hour.

California has the greatest number of high-powered telescopes of any area comparable in size in the world.

A gold-plated phonograph record welcoming Jackie Gleason (right) to the "Millionaire Club" of recording artists whose records have sold more than 1,000,000 copies is presented by Glenn E. Wallich, president of Capitol Records. Comedian Gleason, whose serious side emerges on the orchestral records, achieved the 1,000,000 sales in less than a year with his like the album "Music for Lovers Only."

IRVINGTON NEWS

By PATSY PEREIRA

MR. and MRS. CLARENCE HARVEY and son, Arnold of Irvington, and Mr. and Mrs. Eugene Silva of Centerville, spent the week-end in Las Vegas.

SORRY to see that Roger MacElroy has broken his arm.

ELIZABETH LOURIE attended a party on November 25 at the Country Club to celebrate Mr. and Mrs. Frank Sayles' of Newark, golden wedding anniversary.

MR. and MRS. MATTHEW GREGORY and son, Gary, of Manteca and Mr. and Mrs. Kenneth Gregory and sons, Kenny and Keith of Livermore, visited Mr. and Mrs. Lloyd Shepherd on Thanksgiving Day.

MR. and MRS. MIKE BURNS and family are back after living for two years in Guam.

MR. and MRS. VERNON LEAL of Sacramento visited Joseph Leal here over last week-end.

MR. and MRS. ALLAN HIRSCH attended the Cal-Stanford Big Game.

MR. and MRS. A. J. ABREU and Mrs. Antoinette Azevedo of Mission San Jose visited Mr. and Mrs. Tom Pereira on Thanksgiving.

MR. and MRS. CHAS. SOMMERS of San Francisco visited Mr. and Mrs. Alfred Peixoto on Friday evening.

MR. and MRS. AL PEIXOTO, Merle and Delbert had Thanksgiving dinner at the home of Mr. and Mrs. Tom Furtado in Centerville.

CAROL JEAN GREGORY of Niles spent Friday and Saturday at the home of her girl friend, Charlene Pereira.

NEWARK NEWS

By PAT BINDER

NELSON POWERS was in Newark from South Dakota Thanksgiving week to visit his fiancée, Barbara Goularte.

TONY and RITA GOULARTE are the proud parents of a brand new baby girl. Kathleen Anne was born November 20 at the San Jose Hospital weighing 6 pounds and 5 ounces. Welcoming baby at home were brother Butch and sister, Rita.

HERB and FLORENCE LACEY were married eight years November 18. They celebrated their anniversary November 22 with a dinner at The Cottage in Oakland.

MR. and MRS. JOHN A. ESPINOLA Sr. celebrated their 25th wedding anniversary on Thanksgiving day.

MORE ABOUT THANKSGIVING—The Rickey Cardozas entertained Mr. and Mrs. Joe G. Ferreira, Mr. and Mrs. Joe A. Ferreira and family, and Mr. and Mrs. Bob Lemos.

THE HERB LACEYS were guests of the Frank J. Lacey of Oakland. Also a guest was Herb's father, Tom Lacey of Alameda.

MR. and MRS. JOHN A. FREITAS celebrated the day with David and Esther Freitas and family.

THE CECIL McNEIVES were hosts to Mr. and Mrs. Sal Millan and family.

THE JOHN EPINOLA and Son Dairy of Pleasanton was awarded a certificate of merit by the California Dairy Industries Association (scoring 90) recently for outstanding roadside appearance which is a valuable contribution to the dairy industry. The Espinolas formerly operated a dairy on Mayhews Landing Road and Dairy in Newark.

WE HAVE noticed a glowing, handsome if somewhat plump look about several of the male population in our town... investigated and found the new look is due to a Township M.D.'s orders to abstain from nicotine and alcohol. Could it be the doctor is just mad because he hasn't been asked to pose as a man of distinction?

CAN ANYONE tell me why the county brought all those huge machines to Birch (River) Road to put in a drain and a short time later came back again to tear it all out and put in another type? We could feel our taxes rising. The drainage has kept the breakers down but the tide's still in when it rains.

IS SOMEONE in Newark turning loose their parakeets? Second of these talented birds in a short time has landed on Birch Road and was nursed through a cold by a kind neighbor.

MISSION SAN JOSE NEWS NOTES

By REGINA SCHNEIDER

A CHARADE PARTY was given at the home of Mr. and Mrs. Charles Harden last Saturday night in honor of Mr. Harden's birthday. Guests included Mr. and Mrs. U. S. Bartness, Mr. and Mrs. Warren McGee, Mr. and Mrs. Clifford Weller and Dr. and Mrs. H. L. Ray of Mission San Jose; Mrs. John Monteleone of Trinidad, Colorado; Richard Harden of Hayward, Mr. and Mrs. Marion Hunt of Oakland, and Mr. and Mrs. H. L. Harden of Boulder Creek. Mr. Harden was presented many gifts.

THE FIREMEN'S Women's Auxiliary held a Dutch whist party Monday evening at the Amaral home with Kathleen Amaral acting as hostess.

LAST WEEK I said that Bill and Helen Murphy were entertaining Helen's family for Thanksgiving, but instead Bill informed me that he got a call saying his family would be at their home for Thanksgiving and the week end. Arriving for the holiday were: Allen Murphy, Mr. and Mrs. Carl Simpson and three daughters, and Mrs. Bess Murphy, all of Ventura. Also a Thanksgiving guest was Mrs. Marie Aust.

MR. and MRS. BILL ANDRADE enjoyed their Thanksgiving dinner with Mr. and Mrs. Bill Garcia in Niles.

MR. and MRS. FRANK VEITH entertained Mr. and Mrs. Frank Veith Jr. and daughter, Carol, of San Jose, on Sunday.

LITTLE DOROTHY MARIE, daughter of Mr. and Mrs. Joe Azevedo, was baptized Sunday at St. Joseph's Church, with Father John Leal officiating. Mr. and Mrs. Edward Azevedo were godparents.

A FAMOUS PERSON visited the Old Mission and the Convent grounds last week. General Hilario Camino Moncado of the Philippine Islands stopped by to see our town. He heads the Filipino Federation of America, and is a noted golfer.

MY PARENTS, Mr. and Mrs. Alois Schneider, celebrated their twenty-fourth wedding anniversary on November 24, and Mr. and Mrs. Jack Pereira had their eighteenth wedding anniversary on Thanksgiving Day.

MR. and MRS. DAVID ESCOBAR entertained Mr. and Mrs. Joe

Maciel of Niles for Thanksgiving. THE MOTHERS CLUB held a special meeting on Tuesday evening to discuss their forthcoming Hat and Accessory show.

CATHOLIC DAUGHTERS of America held their first annual Secret Pal Revelation party on Monday evening at Parish Hall, following their regular meeting. Decorations of the hall carried the Thanksgiving theme. Place cards were the "letting the cat out of the bag" with the member's name on it and the secret pal's name in the inside. Chairman was Vivian Escobar and refreshments served were pumpkin pie and coffee.

COMMANDER and MRS. RICHARD BURNS, Moffet Field, spent Sunday evening at the home of Lt. and Mrs. William Murphy.

Pumice will sink in water, whereas pumice will float for long periods of time until it becomes waterlogged.

State Farm Bureau Federation Backs Sect. Benson

The California Farm Bureau Federation, winding up its thirty-fifth annual meeting in San Jose last week, went down the line with Secretary of Agriculture Ezra T. Benson, urged the minimizing and eventual elimination of price support plans, placed much of the responsibility for the solving of agricultural problems in the laps of the farmers, and, supporting Benson's reorganization of the U. S. Department of Agriculture, urged that it be "carried through to completion."

These, along with some fifteen other resolutions, will be forwarded to the American Farm Bureau Federation for consideration on a national level at its convention at Chicago in December.

Subject of much debate and careful shaping, the CFBF's resolutions were as follows:

1. Secretary of Agriculture Benson was given a "strong vote of confidence" with special appreciation for his consultation of farmers in formulation of national farm policies.

2. Urging the minimizing and entire elimination "as soon as possible" of price support plans, the delegates declared such support plans are not in the interest of farmers from a long range viewpoint.

3. The CFBF stated it supports the program of reorganization of the United States Department of Agriculture and urged that such reorganization be "carried through to completion."

4. It said there are apparent discriminatory practices in the enforcement of various laws in reference to illegal aliens and favored impartial enforcement of immigration laws pertaining to "all segments of our economy."

5. Protection for the interests of Californians, in the Central Valley Bureau of Reclamation with various Project and in contracts of the ous irrigation districts and others under state law, a resolution requested the active participation of the California Water Authority, District Securities Commission and State Engineer as respondents in all such cases, as for example, the pending Ivanhoe Irrigation District cases and others.

6. In a kindred resolution, it said the establishment of a Department of Water Resources with equal status as other departments is essential to the protection of the water resources of the state. This must of necessity, it said, include all agencies dealing with water or its development and should have its own separate corps of engineers and attorneys.

7. Returning to labor, the CFBF cited the continued critical shortage of agricultural stoop-labor since World War II and recommended that the entire farm-labor program be removed from the Department of Labor and placed in the Department of Agriculture so that "supplemental agricultural workers be available to farmers at all times, on a simple common-sense basis designed by agriculture, for agriculture and not hampered by bureaucratic regulations, uncertainties, excessive costs and not administered by a bureau with no knowledge or understanding of agricultural problems."

8. Also dealing with agricultural labor was another resolution which favored amending federal legislation to provide emergency powers when strikes are threatened that will serve to destroy food, impair the incomes and markets for the producers of perishable commodities. At the present time, the CFBF said, with the tremendous power and influence of labor unions, the produced of many perishable commodities has no place to turn, should his market let down as a result of a strike.

9. In a resolution dealing with "Labor-Management Relations," the right of labor to voluntarily organize and bargain with employers was freely recognized but the farmers do not believe this right should include any privileges such as compulsory union membership, coercion, intimidation, secondary boycott or interference with the rights of others.

"The dignity and freedom of the individual and his right to work where, when and as he chooses, is basic to the American Way," the resolution stated. "Farmers recognize their very direct interest in full employment and the increasing of ability to purchase goods and services. Economic betterment and a rising standard of living are dependent on increasing the purchasing power of a unit of labor in terms of production, not on a higher dollar value of a unit of labor."

It said that "mass picketing, intimidation, violence, property de-

struction and the interference with the normal rights of others are too often countenanced by law enforcing agencies because a labor dispute is involved. Laws protecting persons and property," it insisted, "should at all times be impartially enforced."

10. Favoring a "vigorous educational and promotional campaign to increase the use of beef and urge an orderly and voluntary reduction of cow herds in the interest of efficient operation," the CFBF said producers realize that the current cattle producer problem is their own. And it supported the position of the cattle producer in opposition to direct support prices on cattle, but approved the government purchase program of beef for the school lunch program and for export through the present foreign aid program.

11. A stable general price level must be achieved to protect all segments of our economy, another resolution declared, and should include such as the investor, and the many who are, or will, be receiving pensions and annuities through their own investments. A stable price level it insisted, can only be achieved by a sound and consistent fiscal policy; realistic control of credit; pay-as-you-go tax program; efficient production of goods and services; and orderly, economical government expenditures, including defense.

12. Any conservation payments should be limited to practices which benefit the general public and posterity, rather than any individual, the CFBF states. "Payments for practices which have become a normal and accepted part of farming operations of the area, in which the farm is located, should be discontinued," it said, and urged that agricultural conservation programs be administered locally by farmers.

13. Lashing at what it termed "abuse of executive authority," the farmers said they "deplored and resented" the philosophy of government under which private property is dictatorially, arbitrarily and arrogantly seized and in direct violation of democratic

principles and in utter disregard of existing law. They deplored the use of executive orders which effect a change in legislative intent, disapproved the use of executive orders to implement legislative acts, and declined to accept the theory of "an all-wise, all-pervading paternalistic government to which the people shall look for individual security."

14. "In the strongest possible terms" the CFBF urged congress to balance the budget at the earliest possible time and to make such equitable changes and reductions in the system of taxation so as to produce the necessary tax revenue with the maximum of efficiency and the minimum discouragement, disturbance and interference with economic activity. It also stated the belief that the dollar appropriated for defense and civil purposes could produce a greater result. And it recommended that congress give thorough consideration to the principle that unexpended funds of all federal departments be returned to the federal treasury without penalty to future budgets for non-use.

15. A recommendation was made that the Agricultural Code of California be amended to provide that net proceeds due on consignments of fruits and vegetables to commission merchants operating on the wholesale produce markets are to be held in trust and that to commingle such funds with the funds of the commission agent is a breach of his fiduciary relationship and constitutes a felony.

16. Citing the "softening" of the nation under the leadership of 'demagogues,' the farmers called upon Americans "to stand firm against the insidious encroachment of 'isms' which will destroy us, and to renew their living faith in the principles enunciated by our Founding Fathers." The best way to combat Communism, they pointed out, is "to put our own house in order."

17. Condemning "in no uncertain terms" the practice of ignoring the fundamental intent of the law by the promulgation of

administrative directives or regulations which go far beyond or divergent to the desires of the state legislature and the people, the CFBF insisted that adequate steps be taken through proper executive authority to counteract all such misinterpretations.

18. Calling attention to the instances in which the Farm Bureau "has been embarrassed by those claiming to represent it" before the legislature, Congress or governmental bodies without proper credentials, the members recommended establishment of a policy throughout the Farm Bureau which would require proper credentials from members who request assistance when representing any unit of the Farm Bureau.

19. Commending the trial judges of superior, municipal and justice courts who are imposing jail sentences for drunk driving, the CFBF urged all judges to continue to invoke jail sentences and suspension of licenses.

20. Another resolution favored the transfer of the United States agricultural attaches from the Department of State to the Department of Agriculture for direction of their activities.

21. Another approval of the principles involved in the proposed regulation on Adult Vaccination in the Brucellosis Control Program.

22. And in an effort to obtain qualified teaching personnel for California's schools, the bureau delegates requested that information be made available encouraging young people to make teaching their career.

HONORED—Roderic Rothgeb (right) of Mission San Jose, first sergeant of C Battery, National Guard, Centerville, is awarded federal service ribbon by his commanding officer, Capt. O. J. Beaudin. (Register Photo)

GUARDSMAN CITED IN CEREMONY HERE

Roderic D. Rothgeb of Mission San Jose, first sergeant of Centerville's Battery C, 629th Field Artillery, was presented the California National Guard Federal Service Ribbon by the battalion commander during drill at the Armory last Tuesday night.

In addition to the ribbon, Ser-

geant Rothgeb was also given a Citation signed by Major General Earle M. Jones, adjutant general of California. The citation commended Sergeant Rothgeb for his service with the California National Guard when it was called to service during World War II.

CENTERVILLE EYES TOWNSHIP C. OF C.

A committee to study proposed revamping of the Township Chamber of Commerce was named Monday by the Centerville Chamber of Commerce. President Romeo Brunelli appointed Superior Judge Allen G. Norris chairman of the group. Serving with Norris will be Ralph Goodwin, Eugene Manning, C. G. Dubuque, Allan Walton, Erle Hygeund and Harry Weber.

The committee was directed to report its findings prior to December 21, so that Centerville delegates may vote at the next Township meeting.

Rotary Dinner-Dance

Saturday night marks the annual Rotary Club Ladies' Night dinner-dance at the International Kitchen, President Richard Nicklasson reminds members.

In Atlanta

Spending a few days' vacation in his native state of Georgia is LeRoy Brown, Centerville attorney. He expects to be home by December 15.

The peak flow of the Columbia River usually occurs in June.

Factories Veto Newark 'City'

(Continued from Page 1)

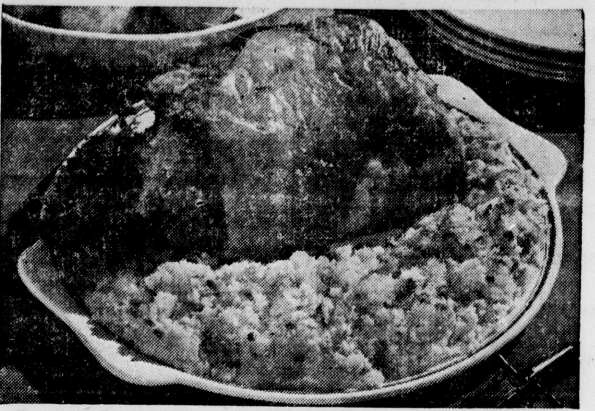

ritory within the Newark Fire District as a City of the sixth class. It has been suggested that the industrial community should comment on this proposal. This letter contains our present thinking on the matter.

"We find the present government of the area to be favorable for industrial operation. Until such time as we can be shown that incorporation of Newark will be more advantageous to the industrial growth of this section of Alameda County than the present situation we must advise you that we do not favor any change in our governmental status.

"We, therefore, recommend to your Chamber that no further steps be taken toward Newark incorporation at this time."

The letter was signed by: Orangeburg Manufacturing Co., Inc., Charles G. Dubuque, plant manager; Westvaco Chemical Division, Food Machinery & Chemical Corporation, R. F. Moran, resident manager; American Forest Products Corp., C. P. Eddie, manager; Sunset Foundry, J. A. Freitas Jr., general manager; Morton Salt Co., C. F. Lesser, plant manager; Leslie Salt Co., Jos. C. Buchen, vice-president; Wedgewood Division, Rheem Mfg. Co., C. R. Graham Jr., plant manager.

CORN BREAD DRESSING ADDS NEW FLAVOR TO PORK ROAST

Roast pork is another of the many foods that take on added zest when combined with flavorful corn meal.

A delightful main dish for a Sunday or holiday dinner is Roast Pork with Corn Bread Dressing. Easy to prepare, the dressing can be made from either left-over corn bread or fresh corn bread dried slightly in the oven.

ROAST PORK WITH CORN BREAD DRESSING

1 Pork Roast (loin or rib)
Season with 1 teaspoon salt
1/2 teaspoon pepper per pound.

Dressing
1/2 cup chopped onion
1/2 cup bacon fat
4 cups crumbled corn bread
1 teaspoon salt
1/2 teaspoon poultry seasoning
1/2 teaspoon pepper

Ask butcher to loosen backbone to make carving easier. Place meat on roasting pan, fat side up. Roast in moderate oven, 350°F., about 30 minutes per pound. While meat is roasting, prepare dressing as follows: Brown onion in fat. Combine

crumbled corn bread with remaining dry ingredients. Add fat and onion, and mix carefully. About 45 minutes before roast is done, pour excess fat from pan and transfer corn meal dressing to roasting pan, stuffing it under and around the meat. Continue baking until pork is done and dressing browned.

CORN BREAD RECIPE

3/4 cup sifted flour
3 teaspoons baking powder
1 teaspoon salt
1 1/2 cups corn meal
2 eggs, well beaten
1 cup sweet milk (room temperature)
2 tablespoons melted butter (if self-rising corn meal and flour are used, omit baking powder and salt.)
Sift together flour, baking powder and salt. Add corn meal and mix well. Combine beaten eggs, milk and butter, and add to dry ingredients all at once. Stir only enough to moisten the dry ingredients. Pour into greased 8-inch square pan and bake in moderately hot oven, 400°F., 20 to 25 minutes.

George Spoor of Essanay is Dead

(Continued from Page 1)

in these theaters, Spoor said he had to start his own producing company. Thus his association with Anderson, a cowboy director and later star.

Spoor seldom came to Niles, but recalled vividly his association with the enterprise here. The studio was sold and was torn down in 1933. Anderson, ill and long fallen from stardom, lives in seclusion in Los Angeles.

News reports from Chicago said Spoor died in his home on November 24; and that he had made another fortune in the oil business. He was widely recognized as a significant pioneer in development of motion pictures, and at the time of his death, reportedly held patents worth millions of dollars on projectors and related equipment.

A granite monument—the Hispaniola of "Treasure Island"—in San Francisco's Portsmouth Plaza is dedicated to Robert Louis Stevenson, author of the famous novel, who once lived in San Francisco.

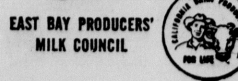

Does Your Family Start the Day Right?

Evidences indicate that the well-being of children and adults is definitely harmed by the skipping or skimping of breakfast. Losses in body reserves result from the overnight fast, and a good breakfast is needed to repair these body losses and furnish food energy for the morning's activities. The lack of food often results in mid-morning hunger, bodily fatigue, and irritability.

In addition to furnishing energy, foods are needed to develop strong muscles, hard bones and teeth, and to keep the body functioning efficiently. Breakfast should supply its share of the protein, minerals, and vitamins which the body needs every day for growth and health protection. The meal can be simple, yet furnish all these essential nutrients.

A good breakfast plan is:
Fruit, fruit or vegetables juices
Cereal or egg, or both
Bread or toast and butter
Milk
Ham or bacon, optional
Coffee or tea, optional for adults

LEGAL NOTICE

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF ALAMEDA

No. 253647 SUMMONS
JESSE LEWIS SILVA, Plaintiff,

vs.
HORATIO B. VALPEY, and all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in Plaintiff's Complaint adverse to Plaintiff's ownership, or any cloud upon Plaintiff's title thereto, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

HORATIO B. VALPEY, and all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in Plaintiff's Complaint adverse to Plaintiff's ownership, or any cloud upon Plaintiff's title thereto, Defendants.

You are hereby directed to appear and answer the Complaint filed in the County of Alameda, in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Alameda, within ten days after the service on you of this Summons—if served within said County, or within thirty days if served elsewhere.

The object of said action is to obtain a judgment and decree of said Court adjudging and declaring that neither of said Defendants, nor any of them, have any right, title, estate, lien or interest in, to or upon the real property in said Complaint and hereinafter described, or any part or portion thereof, adverse to Plaintiff's ownership, or any cloud upon Plaintiff's title thereto and that the title of said Plaintiff in and to said real property and every part and portion thereof is good and valid and that said Plaintiff is entitled to have said title quieted against said Defendants, and each of them, and that said Defendants, and each of them, be forever enjoined and debarred from asserting any claim whatever in, to or upon said property, or any part or portion thereof, adverse to said Plaintiff.

That said real property consists of all that certain real property situated in the Township of Washington, County of Alameda, State of California, described as follows:

PARCEL 1: BEGINNING at a pipe driven in the center line of the County Road, 1 chain wide, leading from Warm Springs to San Jose, at the common corner of the lands now or formerly of Henry Curtner and H. B. Valpey, being also the southern corner of 24.80 acre tract conveyed to Henry Curtner, June 8, 1905, in book 1055 of Deeds, page 114, Alameda County Records; thence along the southern line of said 24.80 acre tract and the line between lands of said Curtner and Valpey, north 65° east, 17.59 chains to a stake marked S S 1; thence at right angles to said line and parallel to the center line aforesaid road, north 25° west, 7.27 chains to a stake marked S S 2, standing in the center line at the east end of a lane 25 feet wide, extending from here to the San Jose and Warm Springs Road, and being distant south 12.50 feet from northern line of above mentioned 24.80 acre tract of H. Curtner; thence along the center line of said lane and parallel to northern line of said 24.80 acre tract and distant therefrom, 12.50 feet southerly, south 63° 25' west, 17.62 chains to an iron pipe driven in the center line of above mentioned road, at a point distant south 25° east, 12.50 feet from the western corner of the aforesaid 24.80 acre tract of H. Curtner, and from which pipe a 2" x 3" witness post marked W P and standing in the eastern line of

LEGAL NOTICE

said road, bears north 63° 25' east, 33 feet; thence along the center line of said road, south 25° east, 6.78 chains to the point of beginning.

CONTAINING 12.35 acres, more or less, of which amount 0.334 acres are contained in the south 1/2 of the aforesaid lane, leaving a net area of 12.02 acres, more or less, and being portion of 24.80 acre tract in Rancho Agua Caliente, conveyed to Henry Curtner, June 8, 1905. Courses true. Variance 17 1/2° east.

PARCEL 2: A RIGHT OF WAY, for all purposes, for which a road may be lawfully used, over a strip of land 12.50 feet in width, adjacent to Parcel 1 of premises on the northwest, as granted in the deed by Henry Curtner and Lucy Curtner, his wife, to Guilherme S. Faria, dated July 15, 1905, recorded August 15, 1905, in book 1065 of Deeds at page 423, Alameda County Records.

You are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment for any money or damages demanded in the Complaint as arising upon contract, or will apply to the Court for any other relief demanded in the Complaint.

WITNESS my hand and the seal of the Superior Court of the State of California, in and for the State of California, in and for the County of Alameda, in and for the

'NEW FACES' HIT IS CURRAN SHOW

Leonard Sillman's "New Faces of 1952," now playing at the Curran Theater, after one year on Broadway, is thrilling San Franciscans with a fresh, new, original and riotously funny musical. This light-hearted revue has everything: fun, hit songs, dances and even a few sentimental scenes.

The original New York cast and production features the new rage—Eartha Kitt. Also Ronnie Graham, Robert Clary, Alice Ghostley, June Carroll and Paul Lynde. "New Faces" will play nightly, with the exception of Sunday, December 6, with matinees every Saturday and a special New Year's performance on December 31.

Douglas fir was first reported by Dr. Archibald Menzies in the late 1700s.

County of Alameda, this 10th day of November, 1953.

MRS. KEN GOODWIN HEADS WOMEN'S CIVIC GROUP

Mrs. Kenneth Goodwin of Centerville last week was named president of the Women for Better Government of Southern Alameda County, succeeding Mrs. Harold Korell of Niles.

Other officers of the organization, which is comprised of members from Washington, Murray and Pleasanton Townships, are: Mrs. W. J. Wagner of Livermore, vice-president; Mrs. Tom Byrne of Irvington, secretary, and Mrs. Lewis H. Adams of Irvington, treasurer.

One of the top projects during the new president's term will be participation in proposed flood and smog control plans for Alameda County. Delegates will attend a smog control meeting set by Alameda county board of supervisors for December 18. Attending will be Mrs. Lyle Buehler, Mrs. Byrne, Mrs. Hugh Fulton and Mrs. R. L. Miller.

The group will also assist in a campaign to attain a large attendance at a December public meeting to be held for discussion of the proposed Zone 5 in Alameda County Water Conservation and Flood Control District. Dec. 17 has been set for the public meeting, which precedes January elections to be held in Livermore and Pleasanton.

Reports on the flood control and smog projects will be made at the group's next meeting, January 26, at which time Mrs. Goodwin is expected to name committees for the coming year.

First Aberdeen Angus cattle in the U. S. were imported in 1873.

CNPA EDITH R. ALLAN SCHOLARSHIPS

C.N.P.A. NEWS SERVICE

\$500 scholarships were awarded to each of these three senior journalism students by the California Newspaper Publishers Association in memory of the late Edith R. Allan, for twenty years Los Angeles Manager of the CNPA. Jane Lindemuth of Garden Grove (center), Stanford, won first award. Pat Brink, Santa Monica (left), USC, and Luita Booth Swales, Oakland (right), UC, tied for second place. The award was made on the basis of personality, grades, extra-curricular activity, ambition in the newspaper profession, and a test news story judged by six prominent newspaper editors.

DEMOS ELECT RAY MARSH NEW PREXY

Raymond L. Marsh, Hillview Crest attorney, was named new president of the Washington Township Democratic Club at a meeting here last week.

Marsh succeeds Kenneth Garcia of Decoto, who served during the organizational period of the club.

Other officers are: vice-presidents Marjorie Callow of Newark, Robie Pierce of Niles, Harold Strauel of Hillview Crest, and R. E. O'Flaherty of Mission San Jose; secretary-treasurer, Mrs. Gayle Stepp; press secretary, Gordon Grebb, Irvington.

Marsh and Grebb were appointed delegates to the state convention in Fresno last week-end.

On recommendation of the club's fact-finding committee, endorsement of candidates for the 13th Assembly District race next June was postponed until other clubs in the district are polled.

HOMEWARD BOUND

Armp Cpl. Everett McNulty, son of Mr. and Mrs. S. G. McNulty of Newark, is enroute to the U. S. after serving with IX Corps in Korea.

Corporal McNulty, a former radioman with his unit, entered the Army in January, 1952, and arrived in Korea the following November. He holds the Korean Presidential Unit Citation Badge, Korean Service Ribbon with three campaign stars and the UN Service Ribbon.

Say you saw it in The Register.

KILL THOSE WEEDS

Soil sterilization is the treatment of soil to eliminate all types of plant life for one year or longer, says the University of California farm Extension Service. It is recommended to control weeds around buildings, road beds, fences and other places that become fire hazard areas in the summer time. It is usually best to treat soil that is to be sterilized during the winter months of December and January. This gives the material a chance to be washed in by the winter rains and to inhibit or destroy the young seedlings.

Results will vary somewhat due to plant size and type in any given area. The annual grasses and legumes are easily killed with a low dosage of CMU and a reasonable dosage of sodium and chlorine products. Perennial plants require higher rates of application than annuals. Soil sterilants should never be used around trees or any growing plants that are desired, say the US scientists.

UNION PRESENTS SIDE IN NILES STEEL DISPUTE

Four representatives of the CIO United Steelworkers, currently idle during a five-week dispute with the Pacific States mill here, appeared before the Niles Chamber of Commerce last week to present their side of the case.

Speaking at their own request were Local 3367's President Leon Curtis, Buford Barks, Harry Allen, and International Representative Jim Robinson.

The quartet outlined the history of the dispute, and charged mill management with failure to bargain in good faith over a proposed layoff of some 70 to 90 workers because of installation of new manufacturing methods.

There was no request for Chamber of Commerce support, nor was any volunteered. The mill management was not represented at the luncheon.

No break in the work-stoppage is reported in sight. Some 450 men are out of jobs owing to the dispute.

Drivers find gasoline cost per mile down 20%

To compare gasoline values now with the "good old days," test drivers at Standard ran popular cars of the 1920's on 1925 gas, '53 models of the same makes on today's gas, and '53 models modified to use 1925 gas. All cars were driven over the same course, on the same amount of fuel till they ran out of gas. The results may surprise you.

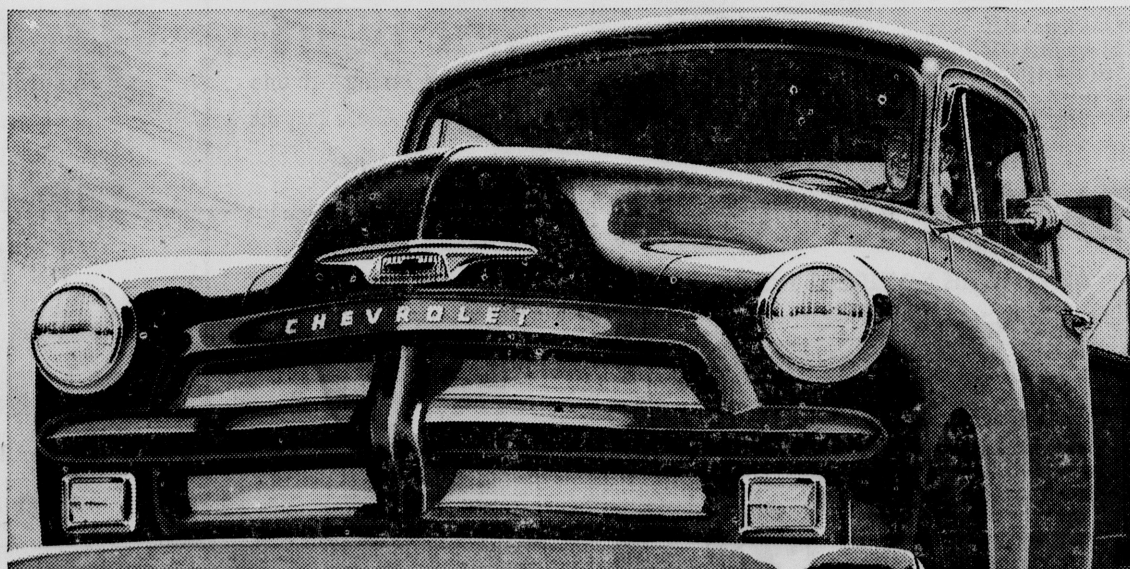

Today's gasoline gives you, under comparable driving conditions, 50% more miles per gallon than in 1925! What does it mean to you? Suppose you started on a trip from San Francisco to Lake Tahoe with 12 gallons of gasoline—a route covering all kinds of driving. In the old car with 1925 gas, you'd travel about 131 miles; in the new car modified for 1925 gasoline you'd go 149 miles; but in the new car with today's gasoline, you'd go all the way to Lake

Tahoe, 196 miles. Improved auto engines explain part of this—but better gasolines made them possible. You benefit steadily from the competition in research and operating efficiency between Standard and other oil companies. Competition steps up gasoline quality, helps hold prices down. While living costs have risen 54% in the last 28 years, today's gasoline costs you only 22% more a gallon (except for taxes)... gasoline cost per mile has dropped one fifth!

STANDARD OIL COMPANY OF CALIFORNIA
plans ahead to serve you better

Headline News FOR TRUCK BUYERS!

NEW CHEVROLET TRUCKS FOR '54

- NEW POWER IN THREE GREAT HIGH-COMPRESSION ENGINES
- NEW COMFORTMASTER CAB
- NEW RIDE CONTROL SEAT*
- NEW AUTOMATIC TRANSMISSION*

They're the most powerful, finest performing, best-looking Advance-Design trucks ever built! They're engineered to do your kind of hauling more efficiently and at lower cost. Come in, see these great new advances in the completely new 1954 Chevrolet trucks.

*Optional at extra cost. Truck Hydra-Matic transmission; Ride Control Seat is standard on C.O.E. models, available on all other cab models as extra equipment. Rear corner windows in standard cab, optional at extra cost.

MOST TRUSTWORTHY TRUCKS ON ANY JOB!

- NEW HEAVY-DUTY 3-SPEED TRANSMISSION*
- NEW, BIGGER LOAD SPACE

measured from and on each side
of the existing centerline.

9-662.6. Lincoln Road, from
Decoto Road, eighty (80) feet as
measured from and on each side
of the existing centerline.

9-662.7. Mowry Avenue, from the
proposed State Freeway to Cherry
Road, eighty (80) feet as measured
from and on each side of the
existing centerline.

9-662.8. Mowry Landing Road,
from Cherry Road to its south-
westerly terminus, eighty (80)
feet as measured from and on
each side of the existing center-
line.

9-662.9. Thornton Avenue, from
the proposed State Freeway to
Dumbarton Road, sixty (60) feet
as measured from and on each side
of the existing centerline.

9-662.10. Dumbarton Road,
from Thornton Avenue to Decoto
Road, eighty (80) feet as meas-
ured from and on each side of the
existing centerline.

9-662.11. Mayhews Landing
Road, from Thornton Avenue to
a point approximately four hun-
dred (400) feet west of Lin-
coln Road, fifty (50) feet as meas-
ured from and on each side of
the existing centerline.

9-662.12. Mayhews Landing
Road, from point approximately
four hundred (400) feet west of
Lincoln Road to Haley Road,
thirty-two (32) feet as measured
northwesterly from the existing
centerline, and twenty-eight (28)
feet as measured southeasterly
from the existing centerline.

9-662.13. Mayhews Landing
Road, from Haley Road to Dum-
barton Road, thirty (30) feet as
measured from and on each side
of the existing centerline."

SECTION III
Article 21 of Chapter 2 of Title
9 of the Alameda County Ordinance
Code, relating to Special
Building Lines, is hereby amended
by the addition thereto of Sections
9-662.1 to 9-662.13 inclusive, to
read as follows:

9-662.1. Cherry Road, from
Mowry Avenue to Central Avenue,
seventy (70) feet as measured
from and on each side of the ex-
isting centerline.

9-662.2. Cherry Road, from
Central Avenue to Baile Avenue,
one hundred (100) feet as meas-
ured from the existing southwesterly
right of way line on the
northeasterly side of said road and
forty (40) feet as measured from
the existing southwesterly right
of way line on the southwesterly
side of said road.

9-662.3. Cherry Road, from
Baile Avenue to Thornton Avenue,
seventy (70) feet as measured
from and on each side of the ex-
isting centerline.

9-662.4. Central Avenue, from
the proposed State Freeway to
Filbert Street, eighty (80) feet
as measured from and on each
side of the existing centerline.

9-662.5. Decoto Road, from the
proposed State Freeway to Dum-
barton Road, eighty (80) feet as

measured from and on each side
of the existing centerline.

NOES: Supervisors None.
EXCUSED: Supervisor Bartell

CHESTER E. STANLEY
Chairman of the Board of
Supervisors of the County of
Alameda, State of California.

ATTEST:
JOHN JOSEPH KINGSTON
County Clerk and ex officio
Clerk of the Board of Super-
visors of the County of Alameda,
State of California.

CUSTOMERS COME FIRST

As the holidays approach, we find ourselves preparing for the annual counter-offensive. That is to say, for the time when you and I and our friends shed our normal concern about pocketbooks for a day or two and get wound up for the traditional rite of Christmas giving. The streets take on a festive air, and everything points to the shops where the gifts lie, waiting for our dollars to release them.

This is also the critical time of the year for neighborhood merchants, especially in Washington Township. Hopeful that Christmas business will come their way, many of them are frankly gambling. They have installed bigger-than-normal stocks of gift merchandise, seeking to hold a greater proportion of buying in the Township this year. The future of retail business in our local communities depends heavily on whether their gamble pays off.

In years past, according to surveys, up to 85 per cent of all goods consumed in the Township have been purchased outside the Township. There is a background to this habit: until a few years ago, we were a predominately agricultural area with few stores. Practically everything HAD to be bought outside. However this situation has changed, and now Washington Township stores are beginning to offer fine merchandise, priced competitively, and in almost as broad a selection as customers can find in the cities. Moreover, and especially at Christmastime, it is offered in friendly, convenient surroundings, free from traffic problems or crowded stores.

Shoppers nowadays demand an ever-increasing selection of merchandise. But storekeepers cannot stock these wide selections unless they are certain someone will buy them. It is something like the argument about "which came first, the chicken or the egg?" Nevertheless in Washington Township, shoppers ought to give double consideration to home purchases, if they want a modern retail community, one which will save them the inconvenience of going elsewhere to shop.

This is the egg that comes first, and it can be a real nest-egg that produces a golden hatch.

IT'S YOUR MONEY

Some weeks back, we let out a squawk against the liquor lobby that cleverly keeps millions of dollars of potential taxes out of California's coffers. This week we draw our readers' attention to still another lobby-fostered abuse in this State: racetrack operations.

In the 20 years since parimutuel betting was legalized here, patrons of the breed have pushed no less than three billion dollars through the windows. Some of this has come back. But last year alone, six major California tracks showed profits of \$25,000,000 from their betting. For seven straight years, Santa Anita's track has paid 100 per cent dividends on its stock. It has paid its director, Dr. Charles H. Strub, nearly \$2,500,000 in bonuses in 10 years, for services based on a 45-day meeting. All this is made possible only by a State license to operate.

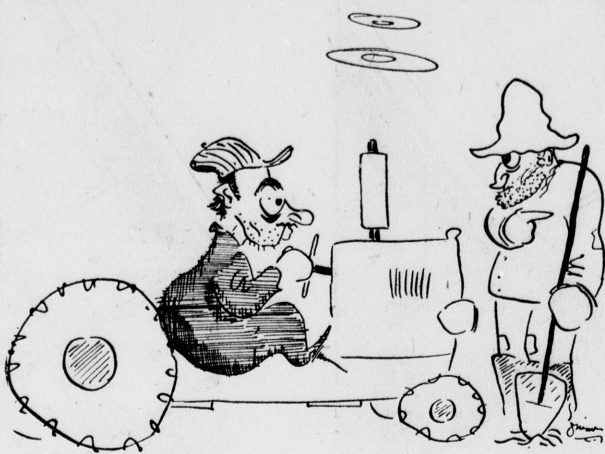

Today, the law calls for 13 cents to be taken out of every dollar before the pari-mutuel payoff. The law then provides that of that 13 pennies, the track takes nine, the State four, up to \$10,000,000 per meeting. California is one of the few states to allow the track the lion's share. In New York, for instance, the track takes only four cents in the dollar. Yet when one California legislator tried to cut the track's "take," his bill was derisively interred like a fragrant herring on orders from the track lobbyists.

There has been little outcry over this situation. One big reason is the so-called Charity Fund operated by the tracks which provides a fancy frosting on the somewhat decayed cake. As a sop to moralists, or for deeper reasons, a day or two in each race meeting is set aside for "charity," and on those days profits are supposed to go to welfare enterprises. However, the tracks are allowed to pick their own "charity." So when the Attorney-General's office investigated one track—Bay Meadows—it discovered that of \$5,000,000 raised for "charity" since World War II, more than \$1,000,000 had disappeared. Some went in political contributions, some in investments in a defunct Portland racetrack operated by William B. Kyne. Coincidence: Kyne is general manager of Bay Meadows. Kyne tried to get permission to replace the missing \$350,000 out of "future charity-day receipts," a transparent maneuver which the State saw through. Finally he promised to repay the money, to his own "Veterans Rehabilitation Foundation," out of regular track profits. However the discrepancy had lain unnoticed by the State for seven years, and the veterans ran nowhere.

In spite of all this, the Sport of Kings regularly renders its millions to the State treasury, and another \$15,000,000 to statewide fairs which also run their own race meetings, as at Pleasanton. So nobody much wants to disturb the torrent of greenbacks.

In Kentucky, Maryland, New York and other states, racing is made to serve the State which li-

TOWNSHIP TOM : : : : By Nixon

"No work today! Joe, Mrs. Joe an' all da keeds gone uptown shoppin' for Township Chreesmas Bargain specials!"

censes it. In Florida, it pays for old-age pensions. Only in California is it permitted to be a law unto itself. The racing lobby in Sacramento has seen to that through favors, pressure and "contributions" to key legislators. Said Earl Warren last spring when the lobby killed more rigid controls on racing practices:

"The State has lost millions that rightfully belong to it. There is no reason why California should give the racetrack owners a monopoly and make millionaires out of them. The racetracks are California's sacred cows."

ENGINEERS OPEN CENTERVILLE FIRM

The engineering firm of MacKay and Soms, civil engineers, with main offices in Sunnyvale, has opened a branch office in Centerville at the L & V Trucking Terminal.

They are the first civil engineers to locate in Washington Township.

The firm offers civil engineering and surveying services including land development, subdivisions, surveys, sewage system design, structural design and related work, according to the principals, Donald G. MacKay and George E. Soms.

MacKay is a graduate of Stanford University. He served as a lieutenant commander in the Navy Seabees, and was chief engineer for the Bohannon Organization. He also spent three years with an engineering firm in Palo Alto.

Soms is also a Stanford graduate, and was with the Army Engineers during the war. He has also worked for the California State Highway department, and spent three years with a Palo Alto engineering firm.

The partners said they were attracted to Washington Township by its fine potential in the construction field.

Farm Allotment

Agricultural Conservation funds for Alameda County for 1954 will be \$36,750, according to Fred F. Lewis, chairman of the Agricultural Stabilization and Conservation Committee for Alameda County.

The sign-up for the county will continue at 170 Castro Street, Hayward, through the closing date, December 11.

SUZY SEZ...

Said in the proper tone, "She's the antimacassar type!" can sound even worse than describing someone as a home-wrecker.

Next time you get a new toothbrush, use the old one in the kitchen to clean and polish those hard-to-reach corners and edges of the stove and refrigerator.

Even if you don't usually do so, this holiday season why not start your meal by saying grace, a custom that is seldom observed nowadays.

His friends are waiting to see if the new head of hair a Newark man seems to be sprouting is going to be permanent, and then they will start the same treatments themselves.

How is it that the children usually manage to tiptoe in just as I am enjoying the very last piece of cake with coffee, demanding a bite of what I had planned as a treat of my own?

To remove perspiration odors from your husband's nylon shirt, soak it in a borax solution for a few minutes before washing.

Two things should be done immediately, if local businessmen are to keep Township families shopping in our area. One is for the merchants to park their cars off the main streets, so that prospective buyers will be able to park. The other is make newcomers aware of their stores by having signs repainted or placed where they are more easily observed by passing autoists.

A white line is badly needed on the curve of the road going into Alvarado from Niles.

The note that a Township woman included in her husband's lunch box caused all kinds of a mix-up. The box was opened by mistake, and another husband

CAUTION TO YULE TREE CUTTERS

Acting State Forester F. H. Raymond had a word of caution today for people who plan on cutting single Christmas trees for home use this season.

He said permission from the owner is necessary when trees are taken from any lands and emphasized that the State government has no lands on which trees are available for cutting.

Raymond pointed out that Christmas trees have a value to the landowner as commercial Christmas trees and for future lumber production and taking them is no different than taking logs, wood, and other timber products without permission.

"When permission is obtained from the landowner he can designate the cutting areas where thin-

read: "Bring your check straight home tonight or I will pick it up myself next time!"

There is nothing like a case of puppy love to get a teen-age boy interested in keeping himself neat and clean. It works better than years of nagging by parents.

That dusty Merry Christmas sign that has been on display in a local eatery since last year has finally become timely again.

I know I'm growing old, because the thought of walking in the rain, which used to thrill me, only makes me shiver and wonder how I'd get my feet dry and if my shoes would shrink.

So long . . .

TOWNSHIP REGISTER Page 12
Thursday, December 3, 1953

ning the stands will promote future growth and other reproduction can be protected," Raymond said. He suggested that arrangements be made with landowners before going into the mountain areas to avoid delays and possible trespass.

All Pacific Coast mackerel canning is done in California.

'54 CHRYSLER WINS "GREATEST STOCK-CAR TEST IN THE WORLD!"

Above you see Chrysler smashing the all-time 24-hour endurance record at Indianapolis to win the Stevens Trophy! An incredible performance! 2,157 miles in 24 hours 'round the clock over the toughest hard-top track in the world! Here is thrilling proof of the stamina, durability, and safety of the new '54 Chrysler. Its 235-h.p. FirePower V-8 engine and PowerFlite fully-automatic transmission far out-performed all other cars in the history of this event! And set the amazing new record without any replacement of engine parts! Now

mind you, this was no special car! Selected from regular production models by AAA officials, this is the beautiful Chrysler now on display! This is the same record-breaking performer we invite you to come drive! And what an experience for you! You'll feel the one and only 235-h.p. performance! Performance that says you drive the leader. You'll see new beauty inside and out that tells the world you drive the leader! Come drive the '54 Chrysler yourself for the most exciting and memorable experience of your motoring lifetime!

COME DRIVE THE CAR
THAT DID IT! The power of
leadership is yours in a beautiful
